FROM VEGAS TO THE BERKSHIRES
The Susan B. Anthony Birthplace Museum

By Justine Dunaway
Aug 23, 2025

The museum has monthly tea parties for visitors, which look like so much fun! This display, at the Susan B. Anthony Birthplace Museum, gives details about the socialites you'd meet at a Suffragist tea party in Newport, Rhode Island.

JUSTINE DUNAWAY

What: The Susan B. Anthony Birthplace Museum

Where: 67 East Road, Adams

My experience: This was one of the first places I had to visit for my job as a Berkshire Eagle arts and culture intern. I was sent to write a story about the museum's new exhibit about a replica of suffragist Alva Belmont's "Votes for Women" tea set. Because of this, I was able to get a tour from the museum's executive director, James Capuzzi. He was incredibly helpful and I learned so much about Susan B. Anthony's past and the road to women's suffrage. I quickly learned how many small museums there are in

the Berkshires that are perfect places to spend a hot day by yourself or with loved ones. There was so much history in this small home and I look forward to going back.

If you go: \$10 general admission
